Re: Request for Quotation for a ¾ ton 4 X 4 crew cab pick-up truck with 6.5' box

The Greater Moncton Wastewater Commission invites your dealership to submit a quotation for a new ¾ ton truck as per the general specifications attached. Your quotation should include detailed pricing including MSRP, applicable rebates/discounts, selling price, a list of standard and optional equipment, rated fuel consumption, serviceability, capacities like: GVWR, UVW, towing, payload, etc.. and any other pertinent information.

Please note that the GMWC will not necessarily select the lowest priced vehicle. Other aspects will be considered such as reliability, fuel economy, capabilities, serviceability, etc...

We would appreciate receiving your quotation in writing by 11:00 a.m. on Monday, November 2, 2015.

If you have any questions, you can contact Marc Hebert at 387-7977, ext. 226.
