

FOR IMMEDIATE RELEASE

TransAqua Announces its TransAqua's Second Annual Pumpkin Parade!

Riverview, NB – October 30th, 2025 – Fall is here, and so is the much-loved TransAqua Pumpkin Parade! Join us on November 8th, 2025, at 355 Hillsborough Road for a fun-filled, family-friendly celebration showcasing the creativity of our local community.

This year, our Pumpkin Parade promises even more excitement, with hundreds of hand-decorated pumpkins lined up along a path, each displaying unique designs, spooky faces, and whimsical creations. Families and visitors of all ages are invited to stroll through the display, enjoy magical photo opportunities and get a free hot chocolate from the Ice Cream Barn.

“For the second year in a row, the Pumpkin Parade will bring together our community and showcases the amazing talent and imagination of our residents,” said Velta Tomsons the Communications and Marketing Manager at TransAqua. “It’s a perfect way to bring a second life to your Halloween pumpkins, enjoy some fall fun, and connect with neighbors.”

Event Details:

Date: Saturday November 8th, 2025

Time: 6:30 – 8:30pm

Location: 355 Hillsborough Rd. Riverview NB

Activities: Pumpkin displays, free hot chocolate, photo opportunities, and more

Participation is free, and all are welcome to attend. For those interested in donating their own pumpkins, you can drop them off at 355 Hillsborough Road or at the Coverdale Community Center before November 8th and TransAqua staff will arrange them as part of the parade.

Don't miss this chance to be part of a community tradition that grows brighter every year!

About TransAqua

Established in 1983, TransAqua, the Greater Moncton Wastewater Commission, provides wastewater collection and treatment services to the Greater Moncton Area of Moncton, Dieppe, and Riverview. Since then, it has developed approximately 40 kilometres of collection sewers and a treatment facility to best deliver on this mandate. It has also become a leader in the beneficial reuse of biosolids through the generation of high-quality compost.
